

# TEACHER'S GUIDE: PRESENTATION FOLLOW-UP

Thank you for allowing us to present to your classroom! During the presentation, we spoke about the Chinese New Year's tradition of parents giving children money in red envelopes. We invited the students to reverse that tradition by giving a family member a character-based gift.

Listed below are the twelve assignments they make choose from if they visit our Chinese New Year website ([Villarismansfield.com/cny](http://Villarismansfield.com/cny)). Feel free to include this, along with the Chinese words and numbers handout, as part of your follow up discussion.

As Questers' Way Outreach Presenters, we are highly committed to doing our part to support your efforts to transform the children of our communities into responsible adults. We offer a variety of other enrichment programs and we would be more than happy to come back and visit you again. As always, we provide these programs to schools and groups in the community free of charge. Contact us any time if there is anything we can help you with! Thank you again for having us as your guest and Happy Chinese New Year!
